

GREEK ORTHODOX

A beautiful, peaceful and traditional place of reflection and remembrance.

EASTERN SUBURBS
MEMORIAL PARK

GREEK ORTHODOX

The Eastern Suburbs Memorial Park is a peaceful setting overlooking Botany Bay. It has been and continues to be an important part of Sydney's Greek community for more than a century.

The Park is the resting place of many generations with Sydney families paying their respects to their loved ones in a beautiful environment within relatively close proximity to where they live and work.

The Cemetery meets the needs of our Greek communities with dignity, respect and the services that best meet the individual requirements and preferences of each family.

Families can arrange a burial in keeping with their personal selection of monumental, Candilli, lawn grave or crypt.

Our Customer Service team are sensitive to the needs of our Greek communities and have the experience to support each family in their time of need with professional guidance and caring assistance.

The Park offers both convenience and modern facilities, including a café, condolence centre and florist.

General Lawn Candilli

General Lawn Candilli can hold two interments. Families can select a Candilli which can only be supplied and installed by ESMP.

Full Monumental

A Full Monumental can hold two interments. Families can arrange the selection and installation of a monument with a stone mason of their choice (the dimensions need to comply with ESMP's dimension and construction requirements). The monument must be completed within one year of interment.
